*Initial* Customers are responsible for the timely payment of their Utility Billing Account whether the bill is received or not. Utility bills are mailed to customers each month and are due according to the appropriate assigned billing cycle or zone. If you do not receive your utility bill please contact the Utility Billing Division as soon as possible.

\_\_\_\_\_  
*Initial* Customers are responsible for the accuracy of their Utility Bill. If you find an error please contact the Utility Billing Division as soon as possible.

\_\_\_\_\_  
*Initial* If not paid by the due date, a penalty of 10% of the unpaid balance is applied to the account. Full payment including penalty charge is due 10 days later. (See chart below).

Initial Service will be disconnected if full payment is not received after the 10 day grace period and will include an administrative fee of \$31.00. This is NOT a disconnect fee, it is an administrative fee, and will be charged whether your service is disconnected or not.

Initial To restore service the past due balance and all penalties/fees must be paid. After payment is received, service will be restored by the end of business day.

Initial Services restored AFTER HOURS will be charged a \$61.00 after hours connection fee.

Initial It is unlawful for any person or property owner to reconnect or attempt to reconnect service and is punishable by fine up to \$1000.00 and/or jail. If meters are found to be tampered with (locks cut, etc.) additional fees will be charged to the account.

Initial If the water service is currently off, it is the responsibility of the customer to make sure that all water sources inside and outside of the business are off at the time the water is turned on. If the water meter shows that a water source is on, it will be turned off to avoid any flooding. In the event this happens, there will be an additional return trip fee charged in the amount of \$24.00. The City of Taylor is not responsible for any damages caused by flooding due to the negligence of the customer.

Initial Please keep meter box areas easily accessible to City Staff and free of debris/growth.

If the due date falls on a date that the City of Taylor offices are closed (a weekend or holiday) you can make your payment after hours by utilizing the night drop box at the Utility Billing office or via the website at [www.taylor.tx.gov](http://www.taylor.tx.gov).

**CITY OF TAYLOR**  
**Customer Service Agreement**

**I. PURPOSE**

The City of Taylor is responsible for protecting the drinking water supply from contamination or pollution, which could result from improper private water distribution system construction or configuration. The purpose of this service agreement is to notify each customer of the restrictions, which are in place to provide this protection. The City of Taylor enforces these restrictions to ensure public health and welfare. Each customer must read and sign this agreement before the City of Taylor will provide continuous water supply. In addition, when service to and existing connection has been suspended or terminated the City of Taylor will not reestablish service unless there is a signed copy of this agreement on file.

**II. RESTRICTIONS**

The following unacceptable practices are prohibited by State regulations:

- A. No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water supply by an air-gap or an appropriate backflow prevention device (Refer to list provided).
- B. No cross-connection between the public drinking water supply and a private system is permitted. These potential threats to the public drinking water supply shall be eliminated at the service connection by the installation of the air-gaps or a reduced pressure-zone backflow prevention device.
- C. No connections that allow water to be returned to the public water supply are permitted.
- D. No pipe or pipe fitting which contains more than 8% lead may be used for the installation or repair of plumbing at any connection that provides water for human use.
- E. No solder or flux that contains more than .2% lead can be used for the installation or repair of plumbing at any connection that provides water for human use.

**III. SERVICE AGREEMENT**

The following are the terms of the service agreements between the City of Taylor and

\_\_\_\_\_ (printed name of customer).

The City of Taylor will maintain a copy of this agreement as long as the customer and/or the premises is connected to the City of Taylor's water supply.

- A. The customer shall allow the property to be inspected for possible cross-connections and other potential contamination hazards. These inspections shall be conducted by the City of Taylor or its designated agent prior to initiating new water service, when there is reason to believe that cross-connections or other potential contamination hazards exist, or after any major changes to the private water distribution facilities. The inspections shall be conducted during the City of Taylor normal business hours.
- B. The City of Taylor shall notify the customer in writing of any cross-connection or other potential contamination hazard which has been identified during the initial inspection or the periodic re-inspection.
- C. The customer shall immediately remove or adequately isolate any potential cross-connections or other potential contamination hazards on his premises.
- D. The customer shall, at his own expense, properly install, test and maintain any backflow prevention device required by the City of Taylor. Original copies of all the testing and maintenance records shall be provided to the City of Taylor.

**IV. ENFORCEMENT**

If the customer contractor fails to comply with the terms of this service agreement the City of Taylor shall, at its option, either: terminate service or properly install, test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the customer.
